

Printing from Android Devices

In order to print from your personal device to a *Follow-Me* printer in school you will need to download Mobility Print.

Printing on an Android Device

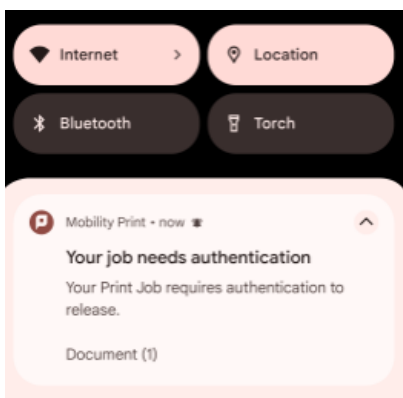

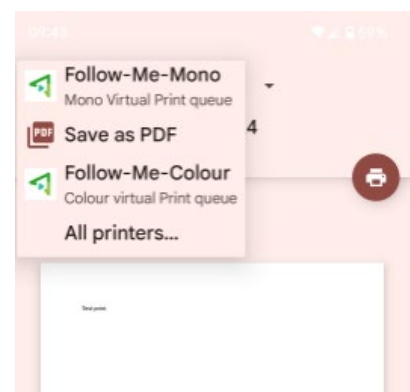

1. Open your internet browser e.g. Edge or Chrome.
2. Browse to **10.50.20.13:9163/setup** in the URL bar at the top of the window.

3. Select the **Install Mobility Print**. This will open Google Play Store, you will need to install **Mobility Print** app.

4. Once the app is installed, step through the instructions.

5. During set up you will be asked to select which printer you want to add. Tick **Follow-Me-Colour** and **Follow-Me-Mono**. This will allow you to print both colour and black & white.

6. Once you have selected the printer you wish to use a notification will pop up. This asks you to *Authenticate* your print job. **N. B You must have notifications turn on for Mobility Print in order to use Follow-Me printers.**

7. You now have to enter your login details. This is the same username and password that you login on to any school computer. I.e. 18Roberts1567.
8. Your printing is now waiting at the printer to be released. Any Follow-Me printer around school will allow you to release your printing.
