

Sutton Coldfield Grammar School for Girls

24 September 2020

Dear Parent/Carer,

The Physics department is offering all A level students the opportunity to subscribe to Physics Review Magazine. The articles cover cutting-edge research in the context of the A level curriculum and aim to broaden students' knowledge and understanding of the subject. The magazine includes advice from experts as well as regular features and activities to help improve performance in exams. This is aimed at students who are seeking an A or A* in A level Physics. I would particularly recommend it to students considering future pathways involving physics and/or engineering.

The cost is £15 for the annual subscription which includes four editions and access to online resources. If you would like to subscribe, please complete and return the reply slip indicating your method of payment.

The preferred method of payment is via our online payments system. Cheques can be accepted but we are unable to accept cash. Students in receipt of the 16-19 Bursary should speak to me regarding payment.

Please return reply slips in a sealed envelope labelled with the student name, form and 'Physics Review Subscription' to the Business Office no later than Monday 5th October 2020.

Please contact me in you have any questions.

Yours sincerely

Miss M Roche

Return to the Business Office

I would like to subscribe to Physics Review Magazine.

I enclose a cheque for £15.00

I have paid £15.00 online

I am in receipt of 16-19 Bursary
