

Dear Parents/Carers

Police and schools in the city are committed to working together to protect our young people from becoming victims of knife and weapon related crime.

It is important that the police, schools and families work together to protect young people. To do this, parents must be aware of the warning signs and talk to children about carrying weapons. The consequences of being found in possession of a knife are serious and long lasting, affecting education, employment and travel opportunities, but most critically the risk to life.

Some young people carry weapons because they feel it will provide protection or increase the respect they are given by their friends, but the sad fact is that they are more likely to become victims of serious violence. **Parents should also be aware that girls sometimes carry or store weapons for their boyfriends or other male friends because they believe they are less likely to be stopped by the police.** Their reasons are often misguided loyalty or love. However, it is still a crime if they are caught carrying a knife or other weapon.

#### WARNING SIGNS:

These signs don't always mean the worst is happening and could just be normal teenage behaviour:

1. Have they become withdrawn from the family and/or school?
2. Is their school or college reporting worrying changes in behaviour, academic achievement or attendance?
3. Have they lost interest in positive activities such as sports clubs?
4. Do they stay out unusually late without giving a reason and are vague about their whereabouts?
5. Have they stopped seeing old friends and started hanging out with a new group?
6. Are they secretive about the contents of their bag?
7. Are they defensive if you ask what is in their possession or if they are hiding anything?
8. Has their attitude changed about carrying knives/weapons? For example, justifying it by saying people carry them for self-defence?
9. Have any items gone missing from the kitchen, tool box or garage?
10. Have you found a weapon hidden amongst their possessions?
