

Year 12 Geography Bridging Work

Models and theories in Geography

Task:

For each of the 7 models:

- a. Draw it
- b. Describe what it shows in detail (can be detailed annotations or a paragraph)
- c. Explain why the theory exists (where did it come from? How does it apply to Geography)?
- d. Critique it – strengths and weaknesses (is it relevant/outdated? Does it apply everywhere-why/why not? Etc.)

1. Burgess model - land use
2. Hoyt model – land use
3. Butler’s tourism model
4. Demographic transition model
5. Bradshaw’s model – rivers
6. Park model
7. Hazards of place model of vulnerability

Please bring your work to your first Geography lesson in September. Good luck!
